DOCJT Issues Client Survey on Training Needs and Services

RICHMOND, Ky. – The Department of Criminal Justice Training is conducting a short Client Survey to determine if we are meeting the training needs of, and providing necessary services to, the Kentucky law enforcement community. We also hope to gauge the effectiveness of current programs and identify future priorities.

To ensure a broad survey of DOCJT clients, programs and services, the survey is directed to: Law Enforcement Executives, Basic Training Graduates, Telecommunications Academy Graduates, and In-Service Training Participants.

Your name is not required on the survey. Keep in mind, there are no right or wrong answers; we only ask for your honest opinion.

As a Law Enforcement Executive we also ask that you distribute the link to all sworn and dispatch staff in your department.

To access the survey, visit <https://docjt.ky.gov//ClientSurvey2014.html>.
