To: All Law Enforcement Agencies

Subject: Safariland Defense Technology Less Lethal Instructor Course

SPECIAL ATTENTION: SWAT Team Members & Police Instructor Staff

The Winchester Police Department is hosting the professional training staff of the Safariland Training Group (Defense Technology) who will be presenting a 4 day Instructor Level, Less Lethal Training Program at Winchester Fire Station 3 August 16th through the 19th 2010. The complete program consists of the following 4 unique Certificate MUNITIONS AND DISTRACTION DEVICES. Attendance of these programs will enable the student to continue in-service training for their department by providing both the technical and tactical information needed for effective product use. This program will cover a wide range of integrated use or any combination of the four programs. Upon successful completion Defense Technology will issue a certificate of completion to the student as an Instructor in the appropriate subject. Each attendee must be physically fit for duty and able to perform the physical skills associated with tactical applications with the use of these products. This certificate of completion is valid for 2 calendar years from course completion.

To reserve a seat you must prepay and pre-register. You may register for the class by visiting Safariland Training Group website at www.Safariland.com/training
